Summary of findings

Overall summary

About the service

Rosewood Villa is a 'care home', providing care to a maximum of 17 people. At the time of the inspection 15 people were living at the home.

We found the following examples of good practice:

- People were supported to see their friends and relatives in a safe manner. Pod, window, garden visits and in room visits were all taking place safely.
- People were admitted in the home safely. Specific rooms, such as bathrooms, were allocated for people to reduce the spread of infection.
- There was sufficient PPE available and it was used appropriately by staff. Cleaning had been increased particularly for regular touch points within the home.
- Effective protocols for visiting, cleaning and testing were in place. Risk assessments were in place and up to date.

Further information is in the detailed findings below.

The five questions we ask about services and what we found

We always ask the following five questions of services.

Rosewood Villa

Detailed findings

Background to this inspection

We carried out this inspection under Section 60 of the Health and Social Care Act 2008 as part of our regulatory functions. This inspection was planned to check whether the provider is meeting the legal requirements and regulations associated with the Health and Social Care Act 2008.

As part of CQC's response to care homes with outbreaks of COVID-19, we are conducting reviews to ensure that the Infection Prevention and Control practice was safe and the service was compliant with IPC measures. This was a targeted inspection looking at the IPC practices the provider has in place.

This inspection took place on 10 November 2021 and was unannounced.

Is the service safe?

Our findings

S5□ How well are people protected by the prevention and control of infection?

- We were assured that the provider was preventing visitors from catching and spreading infections.
- We were assured that the provider was meeting shielding and social distancing rules.
- We were assured that the provider was admitting people safely to the service.
- We were assured that the provider was using PPE effectively and safely.
- We were assured that the provider was accessing testing for people using the service and staff.
- We were assured that the provider was promoting safety through the layout and hygiene practices of the premises.
- We were assured that the provider was making sure infection outbreaks can be effectively prevented or managed.
- We were assured that the provider's infection prevention and control policy was up to date.
- We were assured the provider was facilitating visits for people living in the home in accordance with the current guidance.
